

Youth Soccer Referee Program

Sylvania Recreation is offering an opportunity for all interested Junior High & High School Students a chance to referee for our youth soccer program! Individuals who are interested should submit a job application online and successfully complete a training session to be recognized as a 'Junior Referee' for Sylvania Recreation's upcoming 2017 Fall Youth Soccer Season. The training session will include going over specific league rules, hypothetical on-field positioning, season procedures, and expectations to better prepare referees for the upcoming soccer season. All referees are expected to attend and pass this training session before being recognized as a 'Junior Referee'. The first weekend of games will also be scheduled at the meeting. For more information contact our office at (419) 882-1500.
